On the occasion of World Peace Day, the Ahmadiyya Muslim Jama'at India organized a "STOP WORLD WAR 3" Peace campaign.

On the occasion of World Peace Day, observed on 21 September, the Ahmadiyya Muslim Jama'at India is organizing a **"STOP WORLD WAR 3"** Peaceful campaign at various locations across the country. The purpose of this Peace campaign is to make the world aware of the devastating effects of wars, highlight the importance of global peace, and encourage humanity to adopt the path of love, brotherhood, justice, and mutual dialogue instead of conflict and warfare.

In the prevailing global circumstances, ongoing conflicts and rising tensions in various regions have posed serious threats to peace and stability in the world. In such circumstances, the Head of the Ahmadiyya Muslim Jama'at, Hazrat Mirza Masroor Ahmad, Khalifatul Masih V (may Allah the Almighty strengthen him with His mighty help), has continuously drawn the attention of world leaders towards justice, diplomacy, mutual dialogue, and the establishment of peace. He has warned of the devastating consequences of a global war and emphasized the need for collective efforts to safeguard the future of humanity.

Hazrat Khalifatul Masih V, may Allah the Almighty strengthen him with His mighty help, states:

"Anyone observing the global circumstances today can understand that the foundations of a new world war have already been laid. Several small and large countries of the world possess nuclear capabilities, due to which mutual enmities, grudges, and hostilities among these countries are at their peak. In this grave situation, the clouds of a Third World War are hovering

over our heads, and in such a war, nuclear weapons will certainly also be used. In other words, we are undoubtedly standing on the brink of a devastating catastrophe. Had justice and fairness not been disregarded after the Second World War, we would not be trapped today in this quagmire, where once again the flames of a dangerous war stand poised to engulf the world.”
(Book: **The World Crisis and the Pathway to Peace**)

Through this peace campaign, the Ahmadiyya Muslim Jama'at India seeks to convey the message to the general public, social leaders, intellectuals, and all peace-loving people that lasting peace in the world cannot be established through power and war, but through justice, tolerance, mutual respect, and dialogue. The motto of the Ahmadiyya Jama'at is: **“Love for All, Hatred for None.”**

The greatest suffering caused by wars is endured by innocent civilians, children, women, and future generations. Therefore, it is the responsibility of all of us to resolve our differences, serve humanity, and nurture compassion for one another in our hearts. If we take even a small step at our own level towards serving humanity or establishing peace and justice, it will undoubtedly have a positive impact on our society.

Under the **“STOP WORLD WAR 3”** Peace campaign, efforts are being made at various locations to spread the message of peace and raise awareness among the public regarding global peace. The Ahmadiyya Muslim Jama'at maintains that the religion of Islam teaches the service of humanity, peace, justice, and brotherhood, and that every individual should play their part in saving the world from destruction.
